New Hampshire Liberty Alliance

2018 Liberty Rating

This is the fifteenth annual Liberty Rating issued by the New Hampshire Liberty Alliance, based on 85 roll call votes in the House and 41 in the Senate. This year the House and Senate each earned a collective grade of C based on the average score. Individual grades for each representative and senator are based on pro-liberty or anti-liberty roll call votes and sponsorship/co-sponsorship for bills that have been included in our Gold Standard liberty voting guides distributed to Senators and Representatives each session day. Each bill/vote is assigned an impact score by the NHLA considering the degree to which the bill or vote impacts (positively or negatively) liberty.

Pro-liberty bills protect individual freedom of choice and personal responsibility; recognize the superiority of freedom over coercion; respect the citizen's right of self-ownership; promote governance that is transparent, accountable, and adheres to the Constitution; and recognize the value of voluntary economic decisions.

Anti-liberty bills replace self-governance with interventionist regulation; assume rules made by agencies backed by force are superior to voluntary choices backed by personal accountability; and assume a better economy can be managed by a central authority that compels people and businesses to pay for policies they may not willingly support.

The Liberty Rating is the result of hundreds of hours of work by many volunteers who have read and analyzed bills, testified before committees, called and written their representatives, worked on our other signature publication, the Gold Standard, and culled extensive data from legislative voting records. We encourage New Hampshire citizens to learn the facts about how their elected representatives are voting in Concord and to use this tool to hold them accountable. This report card serves as a valuable voter guide when these same representatives are running for re-election.

Motions of Ought to Pass (“**OTP**”), Ought to Pass with Amendment (“**OTP/A**”), and to accept a Committee of Conference report (“C of C”) pass a bill. If we recommended yea on these motions, it was a pro-liberty bill; if nay, it was an anti-liberty bill. Motions of Inexpedient to Legislate (“**ITL**”), **Table**, or **Indefinitely Postpone** kill a bill. If we recommended yea on these motions, it was an anti-liberty bill; if nay, it was a pro-liberty bill.

As was the case since 2016 a sponsorship score has been included in the rating. The sponsorship score is calculated based on all the bills a representative has sponsored or cosponsored, which were recognized on the Gold Standard as being pro- or anti-liberty and which did not materially change from introduction to first appearance in the Gold Standard. Each bill sponsorship is assigned a weight, as with roll calls. Prime sponsorship of a bill is weighted more heavily than co-sponsorship. A representative with a score near zero has sponsored few bills, or equally pro and anti-liberty bills. A representative with a high positive score has sponsored primarily pro-liberty legislation. A representative with a high negative score has sponsored primarily anti-liberty legislation. This year, the weight was further scaled to reflect the effort that it takes for a sponsor to shepherd a bill through the house. For pro-liberty bills, 1/3 of the weight is awarded for introducing the bill, 1/3 for passing the house and 1/3 for passing the senate. For anti-liberty bills, the full weight is applied upon submission of the bill. These scores are used in combination to produce the final grade. Both voting performance (a percentage) and raw sponsorship (a weighted total) are also provided individually.

Legislator of the Year

The Honorable Michael Sylvia represents Belmont, NH – district Belknap-6. He is a member of our five-year honor roll scoring A- or higher on the Liberty Rating in every year since 2014 and has been A+ rated for the last 4 years. He is the Executive Committee chairman of the Belknap County Delegation, which reviews county budget matters. His focus at the State House is government transparency, including the “Right to know” law and civil asset forfeiture reform. His voting record has earned him several awards from multiple organizations.

In 2018, three bills on which he was a sponsor passed both the house and senate and were signed by the governor - HB1347 – relative to information to be included in the minutes under the right-to-know law, HB252 – relative to pro se litigants under the right-to-know law and SB439 – requiring an annual report detailing activity related to forfeiture of personal property. He is seeking his fourth term in the legislature this fall. If reelected he will continue his work toward a smaller and more accountable government which uses less coercion and is more reliant on voluntarily interactions.

Activist of the Year

Merav Yaakov moved to New Hampshire with her family more than 7 years ago and immediately became active in New Hampshire politics.

In recent years, Merav has worked tirelessly to recruit pro-liberty candidates across the state – often starting her efforts months before the major parties.

In 2018 she continued these efforts by holding candidate recruitment events across the state with the support of others. In addition to her unmatched ability to recruit candidates, in the past year she supported liberty-oriented phone banks, rallies and sign making events on topics such as stopping HB628 and its associated New Hampshire payroll tax as well as supporting Education Savings account legislation.

Bill Sponsorships Scored - House and Senate

The following bills were used to support calculation of the bill sponsorship score. The impact for Pro-Liberty bills reflects both the impact of the bill itself as well as whether it passed the house and/or senate. Anti-Liberty bill impacts were selected to reflect full impact regardless of how far through the process the bill progressed.
